

Cadet

The Cadet's timeless design makes it a classic. Frequently specified for commercial office buildings, schools and shopping centres, the Cadet is one of those eye-catching, stylish products that will lift the appearance of any bathroom while also delivering performance and water savings.

The designer wanted to create a smaller compact urinal with a simple design, curved surfaces and user friendly shape; delivering a simple and hygienic solution for residential and commercial bathrooms.

The Cadet is also frequently specified where a children's urinal is required as this model can be positioned lower on the wall.

Key Benefits

Design:

uridan are the market leaders when it comes to product design. Each uridan urinal is Danish designed, with our range presenting itself like an artist's body of work - each piece being distinctly uridan, and yet individual in its own way.

Technology:

uridan invest heavily in constantly innovating and re-designing each of our products so they are future-ready. Take our new intelligent drain cover for instance, which lets you know via our smart LED indicators exactly when maintenance is required. SMART Technology delivers 100% touchless operation while boosting performance and improving the user experience.

Sustainability:

Every organisation can contribute to the future. uridan is a daily essential that makes the world better by saving precious water every day!
