

Preferred Maintenance Suppliers

SUMS Group provides Scheduled Uridan Maintenance Services to customers in the Sydney region. For other regions we have partnered with companies specializing in the maintenance of waterless urinals. These companies have been fully trained in the maintenance of the Uridan range of products.

This network of authorized Uridan Service Providers ensures that your Uridan urinals are maintained according to the manufacturer's instructions and the correct consumables are utilised to maintain your assets and provide the best possible ongoing care for your products.
